

Current Infrastructure Projects and Street Closures

Last Update:
01/22/2015

Location	Contact Information	Project Notes
Albert Road- Furneaux to Victoria	Willie Sauseda (972) 466-3200 Engineering (CIP)	Road and Utility Construction, expect lane closures, shifting lanes and delays
Avignon Ct- 1900	Jody Byerly (972) 466-3410 Water Utilities	Water Relay Project
Avignon- 2000 Blk	Jody Byerly (972) 466-3410 Water Utilities	Water Relay Project
Braddons Road- Kings Road to Meadfoot	Willie Sauseda (972) 466-3200 Engineering (CIP)	Road and Utility Construction, expect lane closures, shifting lanes and delays
Briarwood Lane-(alley to South) Valleywood Drive to Gateway Ave	Brian Markheim (972) 466-3200 Engineering (CIP)	Sewer and Alley reconstruction. Alley is closed to traffic. Weater conditions wuold interrupt work and delay schedule.
Camden Way (alley) Highgate to Woodside	Brian Markheim (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Carrollton Parkway-Old Denton to Maumee	Willie Sauseda (972) 466-3200 Engineering (CIP)	Utility construction, expect lane closures, shifting lanes and delays
Chesham (alley)- Highgate to Woodside	Brian Markheim (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Chickasaw-Maumee to end of Cul-de Sac	Willie Sauseda (972) 466-3200 Engineering (CIP)	Utility construction, expect lane closures, shifting lanes and delays

Location	Contact Information	Project Notes
Columbian Club- Keller Springs to Via Bonita	Jeff Nohe (972) 466-3200 Engineering (CIP)	Road and Utility Construction, expect lane closures, shifting lanes and delays
Cordoba (alley) Cordoba to Guerrero	Brian Markheim (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Earlshire (alley) Miramar alley to Staffordshire	Willie Sauseda (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Eisenhower Street- Summer Lake Trail to Parkwood Drive	Jeff Nohe (972) 466-3200 Engineering (CIP)	Road Construction, expect lane closures, shifting lanes and delays. Weather conditions could interrupt work and delay schedule.
El Dorado (alley)- Guerrero to Tampico	Brian Markheim (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Frankford Rd. at Risenhower	Jeff Nohe (972) 466-3200 Engineering (CIP)	Utility construction, expect lane closures, shifting lanes and delays
Frankford Road- RR Crossing between Ravine Trail and City of Dallas City Limit Line	Brian Markheim (972) 466-3200 Engineering (CIP)	Railroad crossing reconstruction. Expect lane closures, shifting lanes and delays. Weather conditions could interrupt work and delay schedule.
Guerrero (alley)- Cordoba to Guerrero	Brian Markheim (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Hampshire (alley)- Old Denton alley to Hampshire	Willie Sauseda (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.

Location	Contact Information	Project Notes
Hartford (alley) Standridge to Chesterfield	Brian Markheim (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Hersey Dr. - alley both sides Beltline to Sparling Way Dr	Brian Markheim (972) 466-3200 Engineering (CIP)	Sewer and Alley reconstruction. Alley is closed to traffic. Weather conditions would interrupt work and delay schedule.
Hutton Dr 1800 Blk North and South Bound	Gary Turner (972) 466-3485 Streets and Drainage	Street repairs, expect lane closures
Keller Springs from McCoy to Josey	Gary Turner (972) 466-3485 Streets and Drainage	Street repairs, expect lane closures
Keller Springs- RR Crossing between Josey Lane and Carmel	Brian Markheim (972) 466-3200 Engineering (CIP)	Railroad crossing reconstruction. Expect lane closures, shifting lanes and delays. Weather conditions could interrupt work and delay schedule.
Kentwood (alley)- Highgate to Woodside	Brian Markheim (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Kings Road- Furneaux to Braddons	Willie Sauseda (972) 466-3200 Engineering (CIP)	Road and Utility Construction, expect lane closures, shifting lanes and delays
Lakeland Place-alley both sides, Lakeland Dr. to cul-de-sac	Brian Markheim (972) 466-3200 Engineering (CIP)	Sewer and Alley reconstruction. Alley is closed to traffic. Weather conditions would interrupt work and delay schedule.
Larkspur at Spurwood	Gary Turner (972) 466-3485 Streets and Drainage	Street repairs, expect lane closures

Location	Contact Information	Project Notes
Lymington Road- Furneaux to Rose Hill	Willie Sauseda (972) 466-3200 Engineering (CIP)	Road and Utility Construction, expect lane closures, shifting lanes and delays
Meadfoot Road- Furneaux to Braddons	Willie Sauseda (972) 466-3200 Engineering (CIP)	Road and Utility Construction, expect lane closures, shifting lanes and delays
Medina Dr. alley	Kirk Iverson (972) 466-3480 Streets and Drainage	Concrete Repair
Midway Road- Keller Springs to Trinity Mills	Jeff Bubak (972) 466-3200 Engineering (CIP)	Street Lights, expect closures, shifting lanes and delays
Miramar (alley)- Old Denton alley to Staffordshire	Willie Sauseda (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Misty Lane-alley to south Valleywood Dtive to Towerwood Dr	Brian Markheim (972) 466-3200 Engineering (CIP)	Sewer and Alley reconstruction. Alley is closed to traffic. Weater conditions wuold interrupt work and delay schedule.
Nob Hill Crest Subdivision (Avondale, Bennington, and Blackstone)	Gary Turner (972) 466-3485 Streets and Drainage	various concrete street and sidewalk repairs
Old Denton (alley)- Oxfordshire to Nottingham	Willie Sauseda (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Old Denton Road- Raiford to Clinton	Jeff Nohe (972) 466-3200 Engineering (CIP)	Utility construction, expect lane closures, shifting lanes and delays.

Location	Contact Information	Project Notes
Old Mill Rd- Marsh Lane to Briargrove Lane	Jeff Nohe Engineering (CIP)	(972) 466-3200 Road Construction, expect lane closures, shifting lanes and delays. Weather conditions could interrupt work and delay schedule.
Old Mill Rd- RR Crossing between Median Dr. and Cliffbrook Drive	Brian Markheim Engineering (CIP)	(972) 466-3200 Railroad crossing reconstruction. Expect lane closures, shifting lanes and delays. Weather conditions could interrupt work and delay schedule.
Oxfordshire (alley)- Oxfordshire to Nottingham	Willie Sauseda Engineering (CIP)	(972) 466-3200 Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Parkview-2113	Gary Turner Streets and Drainage	(972) 466-3485 Street repairs, expect lane closures
Perry Road- RR Crossing between Sherwood Lane and Russell Ave.	Brian Markheim Engineering (CIP)	(972) 466-3200 Railroad crossing reconstruction. Expect lane closures, shifting lanes and delays. Weather conditions could interrupt work and delay schedule.
Peters Colony- RR Crossing between Rosa Hill and Kelly Blvd	Brian Markheim Engineering (CIP)	(972) 466-3200 Railroad crossing reconstruction. Expect lane closures, shifting lanes and delays. Weather conditions could interrupt work and delay schedule.
Pueblo (alley) Guerrero to Tampico	Brian Markheim Engineering (CIP)	(972) 466-3200 Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Raiford Rd- Trinity Mills Road to Lowes entrance	Jeff Nohe Engineering (CIP)	(972) 466-3200 Road Construction, expect lane closures, shifting lanes and delays. Weather conditions could interrupt work and delay schedule.
Ridgedale Dr- alley to south Halifax Drive to Halifax Dr	Brian Markheim Engineering (CIP)	(972) 466-3200 Sewer and Alley reconstruction. Alley is closed to traffic. Weater conditions wuold interrupt work and delay schedule.

Location	Contact Information	Project Notes
Rose Hill (alley)- Peters Colony north to Rose Hill	Willie Sauseda Engineering (CIP)	(972) 466-3200 Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Rosehill Road- Furneaux to Braddons	Willie Sauseda Engineering (CIP)	(972) 466-3200 Road and Utility Construction, expect lane closures, shifting lanes and delays
Rosemeade Circle (alley) Rosemeade Circle to Rosemeade Circle	Brian Markheim Engineering (CIP)	(972) 466-3200 Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Rosemeade Parkway- RR crossing between Valleywood drive to Webb Chapel Rd	Brian Markheim Engineering (CIP)	(972) 466-3200 Railroad crossing reconstruction. Expect lane closures, shifting lanes and delays. Weather conditions could interrupt work and delay schedule.
Rosemeade Pkwy (alley)- Highgate to Woodside	Brian Markheim Engineering (CIP)	(972) 466-3200 Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Southampton (alley)- Standridge to Elizabeth	Brian Markheim Engineering (CIP)	(972) 466-3200 Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Southern Place (alley)- Carmel to Carmel	Willie Sauseda Engineering (CIP)	(972) 466-3200 Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Sparling Way Dr-alley to suth Valleywood Drive to Web Chapel Rd	Brian Markheim Engineering (CIP)	(972) 466-3200 Sewer and Alley reconstruction. Alley is closed to traffic. Weater conditions wuold interrupt work and delay schedule.
Springwood Place (alley) Carmel to Carmel	Willie Sauseda Engineering (CIP)	(972) 466-3200 Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.

Location	Contact Information	Project Notes
Taxco Drive (alley) Guerrero to Taxco	Brian Markheim Engineering (CIP)	(972) 466-3200 Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Toluca Drive (alley) Guerrero to Toluca	Brian Markheim Engineering (CIP)	(972) 466-3200 Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Towerwood Dr- alley to suth Misty Lane to Towerwood Dr	Brian Markheim Engineering (CIP)	(972) 466-3200 Sewer and Alley reconstruction. Alley is closed to traffic. Weater conditions wuold interrupt work and delay schedule.
Trinity Mills EB- RR Crossing between Valleywood Dr. to Webb Chapel Rd	Brian Markheim Engineering (CIP)	(972) 466-3200 Railroad crossing reconstruction. Expect lane closures, shifting lanes and delays. Weather conditions could interrupt work and delay schedule.
Trinity Mills WB- RR Crossing between Valleywood Dride to Webb Chapel Rd	Brian Markheim Engineering (CIP)	(972) 466-3200 Railroad crossing reconstruction. Expect lane closures, shifting lanes and delays. Weather conditions could interrupt work and delay schedule.
Valleywood Dr- alley to west Fyke Rd to Hersey Dr	Brian Markheim Engineering (CIP)	(972) 466-3200 Sewer and Alley reconstruction. Alley is closed to traffic. Weater conditions wuold interrupt work and delay schedule.
Via Barcelona- Via Bonita to Via Del Norte	Jeff Nohe Engineering (CIP)	(972) 466-3200 Road and Utility Construction, expect lane closures, shifting lanes and delays
Via Bonita- Columbian Club to Kelly Blvd	Jeff Nohe Engineering (CIP)	(972) 466-3200 Road and Utility Construction, expect lane closures, shifting lanes and delays
Via Del Norte- Keller Springs to Via Bonita	Jeff Nohe Engineering (CIP)	(972) 466-3200 Road and Utility Construction, expect lane closures, shifting lanes and delays

Location	Contact Information	Project Notes
Via Del Oro- entire Cul-de-Sac	Jeff Nohe (972) 466-3200 Engineering (CIP)	Road and Utility Construction, expect lane closures, shifting lanes and delays
Via Del Sur- entire Cul-de-Sac	Jeff Nohe (972) 466-3200 Engineering (CIP)	Road and Utility Construction, expect lane closures, shifting lanes and delays
Victoria Cove- entire Cul-de-Sac	Willie Sauseda (972) 466-3200 Engineering (CIP)	Road and Utility Construction, expect lane closures, shifting lanes and delays
Victoria Road- Furneaux to Rosemeade	Willie Sauseda (972) 466-3200 Engineering (CIP)	Road and Utility Construction, expect lane closures, shifting lanes and delays
Wellington Road- Peters Colony to Kings Road	Willie Sauseda (972) 466-3200 Engineering (CIP)	Road and Utility Construction, expect lane closures, shifting lanes and delays
Willow Place (alley) Carmel to Carmel	Willie Sauseda (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
Wiltshire (alley)- Wiltshire to Berkshire	Willie Sauseda (972) 466-3200 Engineering (CIP)	Alley reconstruction. Alley is closed to traffic. Weather conditions could interrupt work and delay schedule.
