

Public Meeting for the City's Stormwater Management Program

Date: May 14, 2015

Time: 5:30—6:30 pm

Location: City Hall Council

Chambers—1945 E. Jackson Rd.

Water pollution can degrade our surface waters, making them unsafe for drinking, fishing, swimming and other activities. The city's Stormwater Management Program's goal is to reduce water pollution in our creeks. Please join us to learn more about our program, find out what you can do to reduce pollution and meet your Citizen Advisory Committee Members!
