**Investment Officer's Fourth Quarter and Annual Report
For the Fiscal Year Ended September 30, 2021**

(L-R): Councilmember Young Sung, Councilmember Nancy Cline, Councilmember Steve Babick, Councilmember H.A. "Rusty" Pendleton, City Manager Erin Rinehart, Mayor Kevin Falconer, Deputy Mayor Pro Tem Andrew Palacios, Mayor Pro Tem Pat Cochran, Councilmember Adam Polter

Prepared by:
Finance Department
Claudia Gallegos, C.P.A., City Treasurer
Melissa Everett, Finance Manager
Silvia Haragus, Financial Services Specialist- Treasury

Approved by:
Robert B. Scott, C.P.A.
Assistant City Manager / Chief Financial Officer

November 2, 2021

To The Honorable Mayor Falconer,
Members of the City Council,
and City Manager,
City of Carrollton

The Annual Investment Officer's Report addresses only those funds managed by the City of Carrollton, Texas. The investment income earned in capital project funds is used to reduce administrative expenses charged to each project. The investment income earned is recorded in the budget as a revenue source that reduces the need for additional taxes.

The preparation of this report was accomplished with the assistance of several staff members of the City's Finance Department who provided administrative support, financial data, or analysis work on a particular part of the report. A review and approval process was carried out by the City Treasurer and the Chief Financial Officer.

Those listed below who have signatures by their printed names are investment officers of the City and are required by State law to sign this report. As of September 30, 2021 the investment officers acknowledge that the City's investment portfolios have been and are currently in compliance with the policies and strategies contained in the City's Investment Policy and in compliance with the requirements of section 2256.023 of the Public Funds Investment Act of the State of Texas.

The City of Carrollton investment reports, policies and strategies have been approved and adopted by the governing body by Resolution.

Robert B. Scott, Chief Financial Officer/Assistant City Manager

Claudia Gallegos, City Treasurer

Melissa Everett, Finance Manager

Silvia Haragus, Financial Services Specialist - Treasury

INVESTMENT POLICY AND INVESTMENT METHODOLOGY

For the Fiscal Year Ended September 30, 2021

Statutory and Policy Requirements

This Investment Officer's Report is written in compliance with Texas State Statues, and more specifically with Chapter 2256 Public Funds Investment Act, Section 2256.023, which states that not less than quarterly, the investment officer shall prepare and submit to the governing body and the chief executive officer of the entity a written report of investment transactions for all funds covered by this chapter, for the preceding reporting period, within a reasonable time after the end of the period. The report must describe in detail the investment position of the City on the date of the report; be prepared jointly and signed by all investment officers of the City; contain a summary statement of each pooled fund group that states the beginning market value for the reporting period; ending market value for the reporting period; fully accrued interest for the reporting period; state the book and market value of each separately invested asset at the end of the reporting period by the type of asset and fund type invested. Other requirements to be in the report are maturity dates, pooled fund groupings, and a compliance statement of the investment portfolio as it relates to the strategies in the investment policy and relevant to provisions of the Public Funds Investment Act.

This report is prepared each quarter by the person or persons designated by the City Council as the Investment Officers. On **November 24, 2020 Resolution #4448** was passed to amend and adopt the investment policy for the City of Carrollton. The Chief Financial Officer is responsible for establishing written procedures for the operation of the program and these procedures shall include the explicit delegation of authority to persons who carry out the daily investment transactions. Currently, the Chief Financial Officer has made this delegation of authority to the City Treasurer. Investment officials have the authority to invest all City funds with the exception of funds contributed to the Texas Municipal Retirement System (TMRS) and the deferred compensation carrier, Mission Square (former ICMA). These funds are managed by outside investment managers and administrators with a monitoring process carried out by Finance and Workforce Services departments.

Available City funds are invested as authorized by Texas law and in accordance with investment policies approved by the City Council. Both State law and the City's investment policies are subject to change. Under State law, the City is authorized to invest in (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including the Federal Home Loan Banks; (2) direct obligations of the State or its agencies and instrumentalities; (3) collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States; (4) other obligations, the principal and interest of which are unconditionally guaranteed or insured by or backed by the full faith and credit of, the State or the United States or their respective agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States; (5) obligations of states, agencies, counties, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than A or its equivalent; (6) bonds issued, assumed or guaranteed by the State of Israel; (7) interest-bearing banking deposits that are guaranteed or insured by the Federal Deposit Insurance Corporation or its successor or the National Credit Union Share Insurance Fund or its successor; (8) interest-bearing banking deposits other than those described by clause (7) if (A) the funds invested in the banking deposits are invested through: (i) a broker with a main office or branch office in this State that the investing entity selects from a list the governing body or designated investment committee of the entity adopts as required by Section 2256.025; or (ii) a depository institution with a main office or branch office in this State that the investing entity selects; (B) the broker or depository institution selected as described by (A) above arranges for the deposit of the funds in the banking deposits in one or more federally insured depository institutions, regardless of where located, for the investing entity's account; (C) the full amount of the principal and accrued interest of the banking deposits is insured by the United States or an instrumentality of the United States; and (D) the investing entity appoints as the entity's custodian of the banking deposits issued for the entity's account: (i) the depository institution selected as described by (A) above; (ii) an entity described by Section 2257.041(d), Texas Government Code; or (iii) a clearing broker dealer registered with the Securities and Exchange Commission and operating under Securities and Exchange Commission Rule 15c3-3 (17 C.F.R. Section 240.15c3-3); (9) certificates of deposit

and share certificates (i) issued by a depository institution that has its main office or a branch office in the States, and are guaranteed or insured by the Federal Deposit Insurance Corporation or its successor or the National Credit Union Insurance Fund or its successor, or are secured as to principal by obligations described in the clauses (1) through (8) or in any other manner and amount provided by law for City deposits, or (ii) where (a) the funds are invested by the City through (I) a broker that has its main office or a branch office in the State and is selected from a list adopted by the City as required by law or (II) a depository institution that has its main office or a branch office in the State that is selected by the City; (b) the broker or the depository institution selected by the City arranges for the deposit of the funds in certificates of deposit in one or more federally insured depository institutions, wherever located, for the account of the City; (c) the full amount of the principal and accrued interest of each of the certificates of deposit is insured by the United States or an instrumentality of the United States; and (d) the City appoints the depository institution selected under (a) above, an entity as described by Section 2257.041(d) of the Texas Government Code, or a clearing broker-dealer registered with the Securities and Exchange Commission and operating pursuant to Securities and Exchange Commission Rule 15c3-3 (17 C.F.R. Section 240.15c3-3) as custodian for the City with respect to the certificates of deposit; (10) fully collateralized repurchase agreements that have a defined termination date, are fully secured by a combination of cash and obligations described in clause (1) which are pledged to the City, held in the City's name, and deposited at the time the investment is made with the City or with a third party selected and approved by the City and are placed through a primary government securities dealer, as defined by the Federal Reserve, or a financial institution doing business in the State; (11) securities lending programs if (i) the securities loaned under the program are 100% collateralized, a loan made under the program allows for termination at any time and a loan made under the program is either secured by (a) obligations that are described in clauses (1) through (8) above, (b) irrevocable letters of credit issued by a state or national bank that is continuously rated by a nationally recognized investment rating firm at not less than A or its equivalent or (c) cash invested in obligations described in clauses (1) through (8) above, clauses (13) through (15) below, or an authorized investment pool; (ii) securities held as collateral under a loan are pledged to the City, held in the City's name and deposited at the time the investment is made with the City or a third-party designated by the City; (iii) a loan made under the program is placed through either a primary government securities dealer or a financial institution doing business in the State; and (iv) the agreement to lend securities has a term of one year or less; (12) certain bankers' acceptances with the remaining term of 365 days or less, if the short-term obligations of the accepting bank or its parent are rated at least A-1 or P-1 or the equivalent by at least one nationally recognized credit rating agency; (13) commercial paper with a stated maturity of 365 days or less that is rated at least A-1 or P-1 or the equivalent by either (a) two nationally recognized credit rating agencies or (b) one nationally recognized credit rating agency if the paper is fully secured by an irrevocable letter of credit issued by a U.S. or state bank; (14) a no-load money market mutual fund registered with and regulated by the Securities and Exchange Commission that provides the City with a prospectus and other information required by the Securities Exchange Act of 1934 or the Investment Company Act of 1940 and complies with federal Securities and Exchange Commission Rule 2a-7; and (15) no-load mutual funds registered with the Securities and Exchange Commission that have an average weighted maturity of less than two years, and have a duration of one year or more and are invested exclusively in obligations described in this paragraph or have a duration of less than one year and the investment portfolio is limited to investment grade securities, excluding asset-backed securities. In addition, bond proceeds may be invested in guaranteed investment contracts that have a defined termination date and are secured by obligations, including letters of credit, of the United States or its agencies and instrumentalities in an amount at least equal to the amount of bond proceeds invested under such contract, other than the prohibited obligations described in the next succeeding paragraph.

The City may invest in such obligations directly or through government investment pools that invest solely in such obligations provided that the pools are rated no lower than AAA or AAA-m or an equivalent by at least one nationally recognized rating service. The City may also contract with an investment management firm registered under the Investment Advisers Act of 1940 (15 U.S.C. Section 80b-1 et seq.) or with the State Securities Board to provide for the investment and management of its public funds or other funds under its control for a term up to two years, but the City retains ultimate responsibility as fiduciary of its assets. In order to renew or extend such a contract, the City must do so by order, ordinance, or resolution. The City is specifically prohibited from investing in: (1) obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal; (2) obligations whose payment represents the principal stream of cash flow from the underlying

mortgage-backed security and bears no interest; (3) collateralized mortgage obligations that have a stated final maturity of greater than 10 years; and (4) collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

Under Texas law, the City is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity; that address investment diversification, yield, maturity, and the quality and capability of investment management; and that include a list of authorized investments for City funds, the maximum allowable stated maturity of any individual investment and the maximum average dollar-weighted maturity allowed for pooled fund groups, methods to monitor the market price of investments acquired with public funds, a requirement for settlement of all transactions, except investment pool funds and mutual funds, on a delivery versus payment basis, and procedures to monitor rating changes in investments acquired with public funds and the liquidation of such investments consistent with the Public Funds Investment Act. All City funds must be invested consistent with a formally adopted "Investment Strategy Statement" that specifically addresses each fund's investment. Each Investment Strategy Statement will describe its objectives concerning: (1) suitability of investment type, (2) preservation and safety of principal, (3) liquidity, (4) marketability of each investment, (5) diversification of the portfolio, and (6) yield.

Under Texas law, the City's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment considering the probable safety of capital and probable income to be derived." At least quarterly the City's investment officers must submit an investment report to the City Council detailing: (1) the investment position of the City, (2) that all investment officers jointly prepared and signed the report, (3) the beginning market value, and any additions and changes to market value and the ending value of each pooled fund group, (4) the book value and market value of each separately listed asset at the beginning and end of the reporting period, (5) the maturity date of each separately invested asset, (6) the account or fund or pooled fund group for which each individual investment was acquired, and (7) the compliance of the investment portfolio as it relates to: (a) adopted investment strategies and (b) Texas law. No person may invest City funds without express written authority from the City Council.

Under Texas law, the City is additionally required to: (1) annually review its adopted policies and strategies, (2) require any investment officers with personal business relationships or family relationships with firms seeking to sell securities to the City to disclose the relationship and file a statement with the Texas Ethics Commission and the City, (3) require the registered principal of firms seeking to sell securities to the City to: (a) receive and review the City's investment policy, (b) acknowledge that reasonable controls and procedures have been implemented to preclude imprudent investment activities, and (c) deliver a written statement attesting to these requirements, (4) in conjunction with its annual financial audit, perform a compliance audit of the management controls on investments and adherence to the City's investment policy, (5) restrict reverse repurchase agreements to not more than 90 days and restrict the investment of reverse repurchase agreement funds to no greater than the term of the reverse repurchase agreement, (6) restrict the investment in non-money market mutual funds in the aggregate to no more than 15% of the City's monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service, (7) require local government investment pools to conform to the new disclosure, rating, net asset value, yield calculation, and advisory board requirements and (8) provide specific investment training for the Treasurer, the Chief Financial Officer (if not the Treasurer) and the Investment Officer.

Custodial Arrangements

The City's investments held in the Federal Reserve Bank or the Depository Trust Company Book Entry System with delivery vs. payment transactions occurring through the securities clearance department of the City's depository bank, Frost. The bank is responsible for matching up instructions from the City's investment officers on an investment settlement transaction with confirmations and what is wired from the broker dealers, before releasing the City's designated funds for a given purchase. The bank then proceeds to send the information to the safekeeping and vault departments, to record ownership in the City's safekeeping account. A safekeeping statement is provided to the City verifying ownership and custody.

Investment Accounting Methodology

The City accounts for the majority of funds on a pooled investment basis, allowing the investment officer to purchase larger round-lot blocks of securities at higher yields. The individual funds share in higher yields regardless of the size of each individual cash balance at the time. Investment income is allocated to the

participating funds based upon their equity percentage in the pooled fund. The percentage is based on the individual fund's accrued interest balance divided by the pooled fund's accrued interest balance.

Safekeeping fees, realized gains or losses, and investment expenses are netted against interest earnings to derive a net investment income figure to allocate to each individual fund. Pooling funds for investment purposes has benefited the City by reducing recordkeeping, banking fees, and audit costs.

As of September 30, 2021, two pools of funds existed, as follows: Consolidated Fund, consisting of operational funds and bond issuance money and Police Confiscated Fund, consisting of monies obtained through forfeiture provisions under federal and state drug laws.

FIVE-YEAR COMPARISON - YIELDS, CASH AND INVESTMENT BALANCES
For the Fiscal Year Ended September 30, 2021

Summary of Cash and Investments, Investment Yields and Earnings

As of September 30, 2021, the City of Carrollton had cash and investments with an amortized book balance of \$324,593,289. Total cash and investments increased \$31,458,791 from September 30, 2020. The main increase in money invested from the prior fiscal year occurred due to sales and property taxes received during the fiscal year.

The City of Carrollton manages the investment portfolios actively to achieve relative value in the market and within set parameters to be positioned at an optimal place on the yield curve. The City monitors the duration of the portfolios to achieve liability matching, but also to achieve the maximum income potential, while maintaining the safety and liquidity of the portfolio. The portfolios are relatively short-term in nature, and in a stable rate environment will achieve yields above treasury bill/notes rates of interest.

A detail of the City's portfolios balances at book value and yield earn at the end of the last five years has been included below:

PORTFOLIO VALUES - BOOK VALUE					
	Fiscal Year Ended 2017	Fiscal Year Ended 2018	Fiscal Year Ended 2019	Fiscal Year Ended 2020	Fiscal Year Ended 2021

NOTES:

(1) Consolidated Funds includes bond proceeds funds.

(2) Balances will not match the carrying value report in the Comprehensive Annual Financial Report by reclassification recorded to comply with accounting principles.

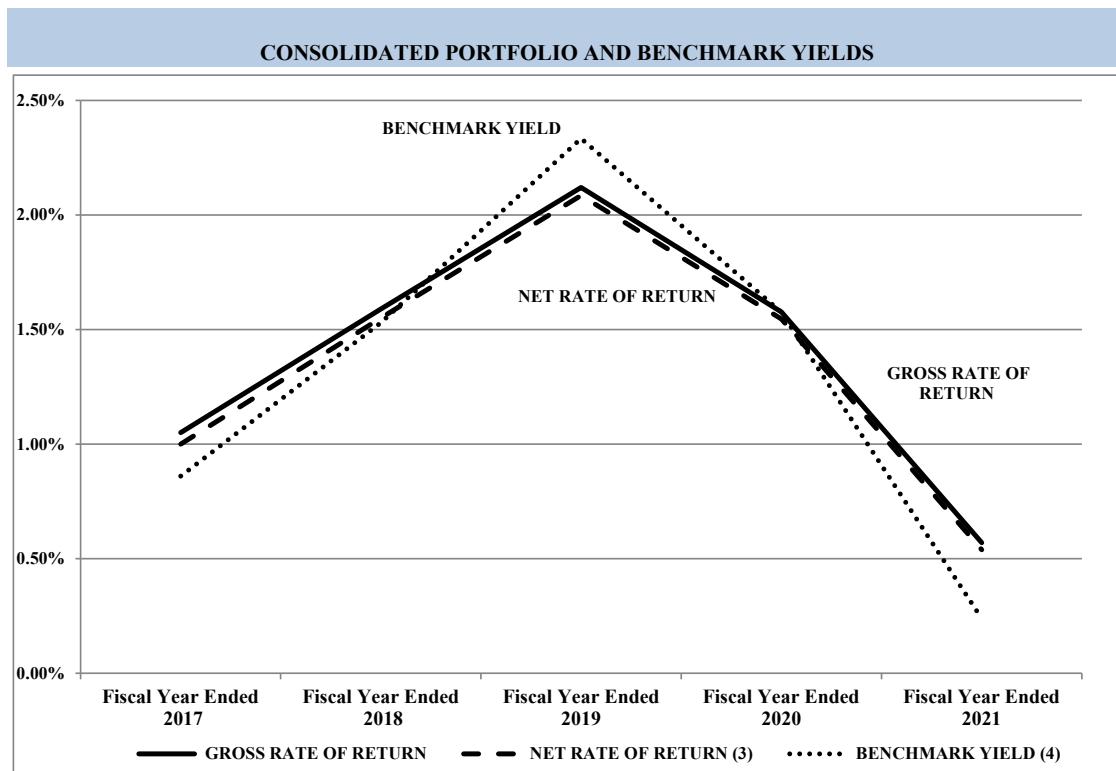

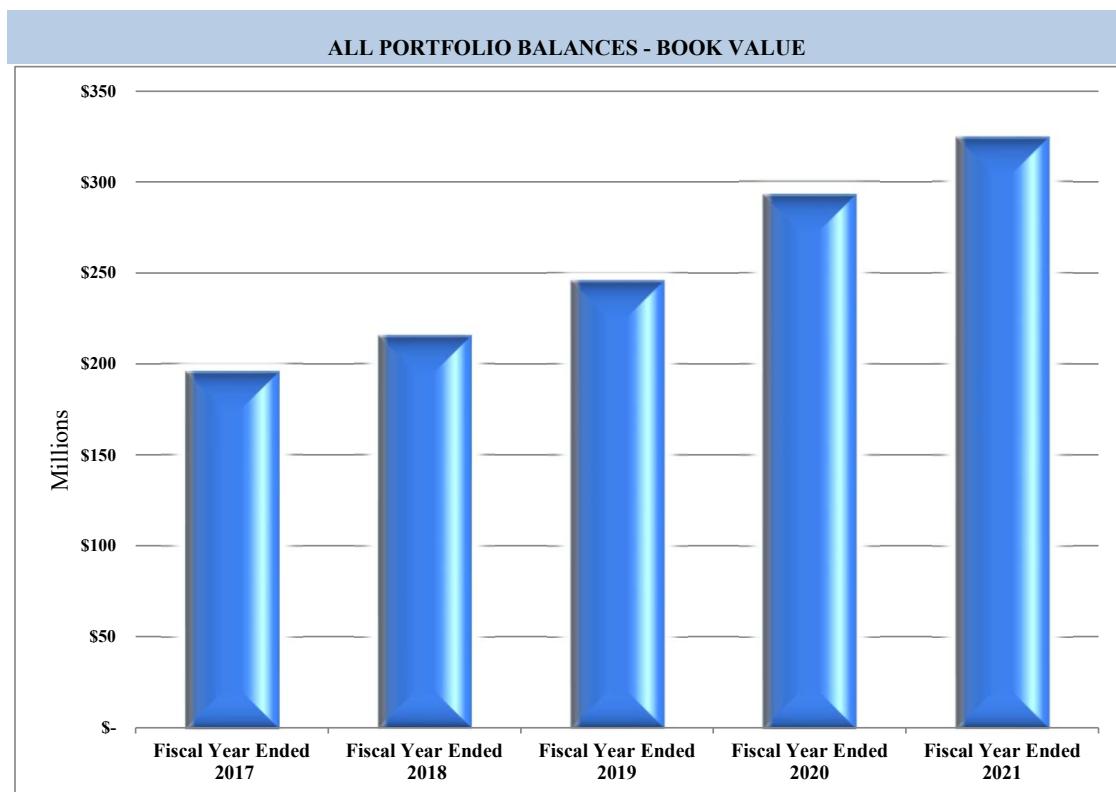

(3) Net rate of return does not include the deduction for bank analysis fees and arbitrage expenses.

(4) Benchmark is calculated as a rolling average annualized yield and was not weighted by the actual portfolio balances. A rolling average of the 1 year and 2 year T- was used in fiscal year 2017. A rolling average of the 1 year T-note was used in fiscal year 2018 to reflect the portfolio's weighted average maturity. A rolling average of the 6-month and 1-year Treasury was used in fiscal year 2019, 2020, and 2021 to reflect the portfolio's weighted average maturity.

(5) Net yield does not include the deduction for bank analysis fees.

For the Fiscal Year Ended September 30, 2021

COMPARISONS OF ACTIVE VS. PASSIVE PORTFOLIO MANAGEMENT

Treasuries and Government Pools Passive Strategy

For the Fiscal Year Ended September 30, 2021

This example of a passive strategy considers the purchase of a treasury note with a one-year maturity for money the City will have in reserves, invest another pool of funds in six-month treasury bills representing money that may not be spent all at once, such as bond proceeds, and the rest of the funds will be invested in a liquid money market type fund managed by outside managers.

The example below shows the difference in earnings that might have occurred for the fiscal year in the Consolidated portfolio if the passive strategy explained above had been adopted:

Assumptions: \$37,000,000 Fund Balance Reserves Invested in One-Year T-Note at 0.13%

\$18,000,000 invested in Six-Month T-Bills at 0.11% for First Six Months, and at 0.04% for next six months

Balance of Funds Remaining Invested in Government Pool

MONTH	CONSOLIDATED PORTFOLIO AVG. BALANCE (\$) LESS \$55,000,000	GOVT. POOL RATE OF RETURN (%) (1)	NUMBER OF DAYS INVESTED	INTEREST EARNINGS

(1) Source for government pool rate of return is Texpool. Source for Treasury bill and note rates is the Federal Reserve Bank Statistical Releases.

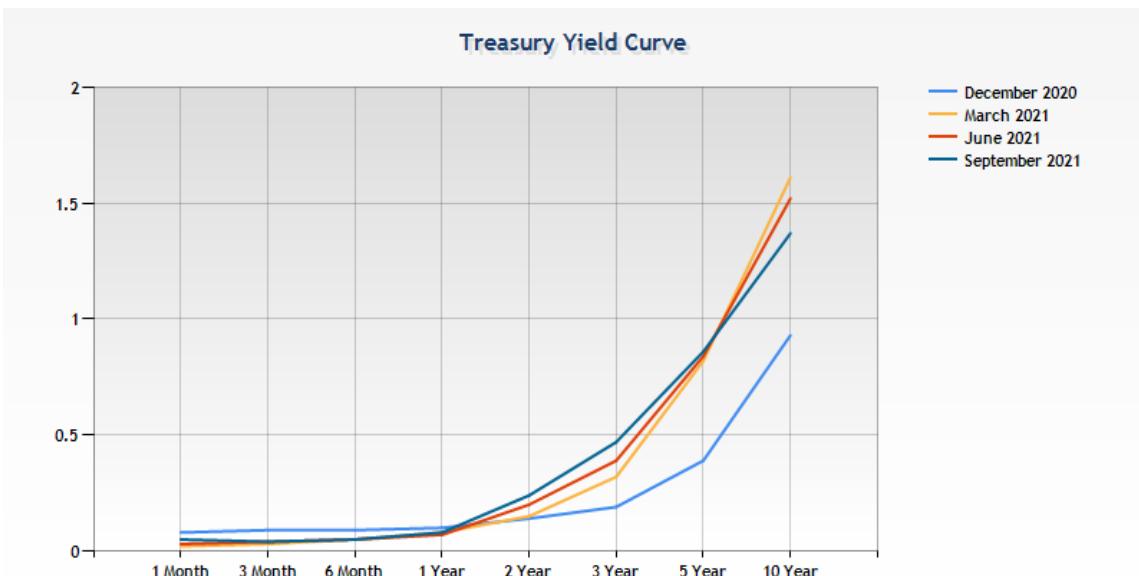

(2) This figure represents interest revenues net of gains and losses on sales, and investment expenses such as salaries, computer charges, and supplies amounting to \$86,281.

ECONOMIC SUMMARY AND INVESTMENT STRATEGY
Fourth Quarter and Fiscal Year Ended September 30, 2021

The U.S. Economy This Quarter

The U.S. economy grew at a modest to moderate rate from last quarter. The Federal Reserve Bank Beige Book published in October 2021 reported a growth in consumer spending, however auto sales declined due to low inventory and rising prices. Manufacturing and nonmanufacturing activity grew moderately, as did trucking and freight. Bank lending activity, residential real estate and agriculture activity was unchanged or slowed slightly. Employment increased at a modest to moderate rate, but the workers supply stayed low. Some industries reported an increase of starting wages to attract talent and of wages for existing labor to retain it. Many also offered signing and retention bonuses, flexible work schedules, or increasing vacation time to incentivize workers to remain in their positions.

The yield on the 10-year U.S. Treasury bonds decreased to 1.37 percent in June 2021 from 1.52 percent at the end of June 2021. The 2-year T-note yield increased to 0.24 percent in June 2021 from 0.20 percent in June 2021. As a result, the spread between these benchmarks decreased in September 2021 to 113 basis points from the previous quarter's 132 basis points.

DFW Economy This Quarter

The Federal Reserve's Beige Book reported a solid expansion in the Dallas (eleventh) district for the last quarter. Manufacturing and nonfinancial services sectors had a sharp expansion during this period, and retail sales rose at an average pace. Energy activity and agricultural conditions continued to experience a robust growth. Home sales were steady at elevated levels and loan volumes experienced an increase from last quarter. The unemployment rate decreased in Dallas and Fort Worth from 5.6 percent to 4.6 percent, and from 5.8 percent to 4.8 percent respectively from June 2021 levels. Both unemployment rates are lower than the state unemployment rate of 5.9 percent and national rate of 5.2 percent.

Economic Outlook

The Federal Open Market Committee (FOMC) has maintained the target rate of 0.00 – 0.25 during its September 21-22 meeting. The FOMC released the participants projections for real gross domestic product (GDP) growth, the unemployment rate, and inflation from each year from 2021 to 2024 and over the longer run. The FOMC revised up its projections for GDP with a 5.9 percent (from 7.0 percent), 3.8 percent, 2.5 percent, and 2.0 percent growth in 2021, 2022, 2023, and 2024 respectively. The GDP's longer-run projection stayed the same at 1.8 percent growth. The unemployment projections for 2021, 2022 were 4.8 percent (from 4.5 percent) and 3.8 percent. The unemployment projections for 2023 and 2024 had the same level of 3.5 percent for both years. The unemployment rate on the longer run remained at 4.0 percent. The FOMC revised up its projection for inflation with a 3.7 percent (from 3.0 percent), 2.3 percent, 2.2 percent and 2.1 increase in 2021, 2022, 2023 and 2024.

ECONOMIC SUMMARY AND INVESTMENT STRATEGY
Fourth Quarter and Fiscal Year Ended September 30, 2021

With progress on vaccinations the economic outlook continued to improve. The sectors most adversely affected by the pandemic have improved in recent months, but the rise in COVID-19 cases has slowed their recovery. Inflation is elevated, largely reflecting transitory factors. The path of economy continues to depend on the course of the virus. Progress on vaccination will continue to reduce the effect of the public health crisis on the economy but risks of the economic outlook remain. The Fed will continue to increase its holdings of Treasury securities and agency mortgage-backed securities to support the flow of credit to household and businesses.

The Fed's next meeting is November 2-3. The Fed fund futures market does not expect a change on the fed funds rate until June 2022.

City of Carrollton's Portfolio Performance This Quarter

The Consolidated Portfolio had an overall quarterly rate of return of 0.41 percent gross at the end of September 30, 2021. The gross rate of return for this quarter was 10 basis points lower from the previous quarter as a result of a decrease on yields in the market. The rate of return of Carrollton's Consolidated Portfolio for this quarter was 30 basis points higher than the average of the 1-year and 2-year rolling average yield of Treasury Notes as result of funds invested in previous months on securities with a higher yield and with longer maturities. The year-to-date gross rate of return at the end of the quarter was 0.57 percent, 34 basis point higher than the year-to-date average of the 1-year and 2-year rolling average yield of Treasury Notes.

The weighted average maturity (WAM) of all the portfolios at quarter end was 1.58 years, the same as last quarter. The City's portfolio currently has a short-term duration (refer to graph #3 of the Executive Summary) with about 38 percent of the portfolio under one year, 24 percent from one year to two years, 33 percent from two years to three years, and 5 percent from three to five years. The City's portfolios are diversified at quarter-end in government coupon agencies at 45 percent, discount agency 1 percent, municipal bonds at 26 percent, treasuries at 14 percent, and government pools and bank accounts at 14 percent of the total. Current City investments have good secondary markets and can be sold at any time should the need arise.

The book value of all combined portfolios at the end of the quarter was \$324,593,289 with a market value of \$324,527,395. The difference represents an unrealized loss of \$65,894 (99.98%) of book value for the combined portfolios.

A detailed breakdown of income earned, yields, holdings, market sector diversification, market value, and book value by portfolio and asset type for the City's portfolios are contained in this investment report.

CITY OF CARROLLTON PORTFOLIO DEFINITIONS

Consolidated Portfolio - consists of funds from all financial resources, including bond issue proceeds, traditionally associated with government except for those required to be accounted for in a separate portfolio.

Police Confiscated Portfolio - consists of funds obtained through forfeiture provisions under federal and state drug laws. These monies may only be used for law enforcement activities related to the criminal activity for which they were seized.

Combined Portfolio - Summary of all the separate portfolios which the City manages.
