

# **GUIDELINES FOR VIRTUAL INSPECTIONS FOR INTERIOR OR UNDER SLAB PLUMBING REPAIRS**

The following pictures must be included if applicable to work:

1. Connections to old plumbing for water supply and/or drains
2. Installation of piping; support, protection, and insulation (Clevis hangers are not allowed in tunnels)
3. Penetrations through slab or into attic spaces
4. Show all work locations
5. Drain test must be by video
