

Genealogy Lock-In Day

Carrollton Public Library

October 21, 2022

10:00 - 10:50 am **Improve, Expand, and Enrich your Family Tree – With Tax Records!** **Difficulty: Beginner**

Sponsored by: Waco-McLennan County Library

Doug Waggoner, Family Historian

With some simple techniques, you can use tax records to expand your knowledge of your ancestors. You will discover new relatives, differentiate between people with similar names, and break through brick walls. You will also learn far more about where and how they lived.

11:00 – 12:00 pm **Choosing Genealogy Services & Software** **Difficulty: Intermediate**

Tony Hanson, Family Historian

This presentation will provide a high-level overview of the capabilities offered by 'online genealogical services,' 'genetic DNA testing services' and 'family tree software providers' with the goal of helping participants make informed choices from the wide range of products and services that are currently available.

12:10 – 1:20 pm **Building and Researching Your Family Tree** **Difficulty: Beginner**

Bill Buckner and Hannah Kubacak, Genealogy Center (Waco-McLennan County Library)

Budding researchers will learn the basic concepts, skills, search strategies and resources needed to get started researching their family tree. Join us as we walk through the process of recording what you already know, getting organized, collecting, and evaluating the information you find. Learn to navigate online and print resources for records of 'genealogical value' – vital, cemetery, obituaries, census, immigration records and more!

1:30 – 2:30 pm **Deciphering Handwriting in Genealogical Records** **Difficulty: Intermediate**

Joseph B. Everett, MLS, AG, Family & Local History Librarian (BYU Library)

In this age of technology, reading handwriting is becoming a lost skill, but it is essential for success in genealogical research. It is not enough to rely on computer indexes, when they exist, to find and interpret records, as these only include a portion of the information and often contain errors. Learn about techniques and tools for improving your skills in deciphering handwritten documents. Information about developments in handwritten text recognition will also be included.

2:45 – 3:35 pm **United States Migration Patterns: Why They Left, Where They Went, and the Stories They Left Behind** **Difficulty: Intermediate**

Sponsored by: Waco-McLennan County Library

LeAnne McCamey, professional genealogist, publisher, author, and owner of American Genealogical Research Services

This program provides a broad overview of migration touching on the reasons to study migration and the keys to understanding migration. The four distinct migration time periods are briefly addressed in addition to the reasons people migrated and finding the documents and records they left behind during their migration. Instruction is given in the methodology of developing a migratory tracing of an individual or family.

3:50 – 4:40 pm **Citing Sources Without Stressing Out** **Difficulty: Beginner**

Sponsored by: Denton Public Library

Amy Johnson Crow, MLS, founder and lead educator at Generations Connection, host of Generations Café podcast

Citing sources is one of those things in genealogy research that tends to make us kind of twitchy. We know we should be doing it and we want to do them right... so we tend to stress out about it. But there is a key to thinking about citing sources—and it won't raise our blood pressure.
