(Along Bus Route 534)**

DART and the Federal Transit Administration (FTA) are preparing an Environmental Impact Statement (EIS) to study the implementation of rail passenger service along the 26-mile Cotton Belt Corridor from DFW Airport through a large portion of Dallas County to the existing DART Rail Red Line in Collin County. Included are portions of Grapevine, Coppell, Carrollton, Addison, Dallas, Richardson and Plano.

A public meeting has been scheduled to present the latest details of the project and to receive comments from attendees.

For more information, please contact DART Community Affairs at 214.749.2543 or visit www.DART.org.
